Training Course code: PC8096 From: 21 - 25 December 2025 Venue: Sharm El-Sheikh (Egypt) - Sheraton Sharm Hotel
Training Course Fees: 4150 € Euro

Introduction

Contracts are the basic structure of all business relationships, whether they be for the construction of a major new facility, or the supply of stationery, the terms and the management of the contract itself are critical to the success of all companies. As such, contracts touch every aspect of business life, and it is important that all staff whether directly involved in contract management or not understand how they operate, particularly in an international context.

The seminar covers the three stages of contracting; negotiating the "deal"; documenting that deal in a robust, but practical way; and managing the performance of the contract itself. The intention is to develop general skills with application to a wide range of contracts and to allow participants to have an awareness of practices in other areas and other industries, which may add value to their own situations. The seminar will also give an opportunity to consider matters from the perspective of the other party to a contract.
