Training Course: Leading Businesses into the Future

Training Course code: LS235077 From: 19 - 23 January 2025 Venue: Amman (Jordan) - Chemisty Training Course Fees: 3550 € Euro

Introduction:

The business landscape is constantly evolving, and to stay ahead of the curve, organizations need leaders who can anticipate emerging trends and adapt to changing circumstances. Leading businesses into the future requires a future-oriented strategy, an innovative mindset, and the ability to manage change and uncertainty. This training program aims to equip participants with the skills and knowledge required to lead businesses into the future successfully. The program will cover the emerging trends in business, the role of technology and innovation in driving business growth.

Objectives:

- Understand the emerging trends in business and their implications for organizational success
- Learn how to develop a future-oriented strategy that aligns with organizational goals
- Understand the key competencies of a leader in leading businesses into the future
- Learn how to leverage technology and innovation to drive business growth
- Understand the importance of organizational culture and change management in leading businesses into the future

Target Audience:

- Senior executives and leaders responsible for setting the strategic direction of their organizations
- Business owners and entrepreneurs seeking to stay ahead of the curve
- Middle managers responsible for implementing strategic initiatives within their departments
