Training Course: Fundamentals of Finance & Accounting

Training Course code: FI2023 From: 1 - 5 September 2025 Venue: London (UK) - Landmark Office Space - Portman Street
Training Course Fees: 5500 € Euro

Introduction

Financial skills and knowledge are vital for all managers in all organizations. A more challenging business and economic climate and an increase in financial delegation are making this even more so.

Many senior professionals miss formal training in finance and often feel uncomfortable when discussing financial matters with their peers and financial professionals. This interactive and engaging program addresses these important issues.

Key areas covered in this program include:

- Reading, interpreting and using financial statements internal and external
- Improving business cases and decision making
- Costing and presenting plans and proposals
- Working more effectively with budgets
- Delivering improved financial performance, profit & cash flow

Objectives

At the end of this program delegates will be able to:

- Read and interpret financial statements
- Analyze business performance
- Contribute to cash and working capital management
- Build budgets and Manage costs and budgets
- Present business cases and utilize financing techniques to improve decision making

Methodology

The training uses an interesting mix of lively discussion, case studies, and exercises, contemporary examples, and videos.

We focus on the practical application of concepts and ideas. Experiences from real business situations and

decisions will be used to bring concepts to life. Delegates are requested to bring copies of their organization's accounts together with internal financial reports that they work with.

Organizational Impact

Organizations will benefit from trained managers who will:

- Make better business and management decisions and cases
- Manage budgets and resources more effectively
- Have better regard for their impacts on:
 - Profit
 - Cash
 - Business Risk
 - Business Performance
- Work more effectively with colleagues in other functions including finance
- Identify more opportunities to improve business performance
- Provide knowledge and understanding that can be shared amongst other departments of the business

Personal Impact

Participants will be able to advance their careers as a result of understanding the various subject covered. In particular, they will be able to:

- Understand the basic concepts of finance as it relates to their businesses
- Interpret their organization's financial signals
- Think and speak the language of finance
- Read and understand balance sheets and profit-and-loss statements
- Understand how to control and manage a company's cash flow
