## Training Course: Crisis Management for Central Bank's Digital Currencies (CBDCs)

Training Course code: SC234984 From: 23 - 27 February 2025 Venue: Cairo (Egypt) - Holiday Inn & Suites Cairo Maadi, an IHG Hotel Training Course Fees: 3875 € Euro

### Introduction

This training program is designed to provide participants with a comprehensive understanding of crisis management principles in the event of a security breach or another adverse event involving CBDCs. The program aims to equip participants with the skills and knowledge needed to develop and execute effective crisis management strategies for CBDCs.

### Target audience

The program is intended for professionals in the financial and technology sectors, including government officials, policymakers, central bank staff, and industry leaders. It is also suitable for risk management professionals, legal and compliance experts, and communication professionals who want to expand their knowledge of crisis management for CBDCs.

### Objectives

The program aims to achieve the following objectives:

- Understand the importance of crisis management in the context of CBDCs.
- Develop effective crisis management plans for CBDCs.
- Identify key stakeholders and establish communication channels and protocols in the event of a crisis.
- Develop effective crisis communication strategies to maintain public trust in CBDCs.
- Understand legal and regulatory frameworks governing CBDC crisis management and develop effective legal and regulatory communication strategies.

### Methodology

The training program will use a mix of lectures, case studies, and interactive exercises to facilitate learning. Participants will have access to relevant resources, including crisis management guidelines, legal and regulatory frameworks, and industry reports. The program will also provide an opportunity for participants to develop and present a crisis management plan for CBDCs.

### Competencies

By the end of the program, participants will have developed the following competencies:

- Understanding of the principles of crisis management for CBDCs.

- Ability to develop effective crisis management plans for CBDCs.
- Knowledge of key stakeholders and communication channels in the event of a crisis.
- Ability to develop effective crisis communication strategies to maintain public trust in CBDCs.
- Understanding of legal and regulatory frameworks governing CBDC crisis management and ability to develop effective legal and regulatory communication strategies.
