Implementation*

*15 - 19 December 2025  
London (UK)  
Landmark Office Space - Oxford Street*

## Training Course: BS EN 16001/ISO 50001 Development and Implementation

Training Course code: HE7009 From: 15 - 19 December 2025 Venue: London (UK) - Landmark Office Space  
- Oxford Street Training Course Fees: 6000 € Euro

### Introduction

Energy and Carbon Management are critical for reducing costs, resource usage, and environmental impact in organizations. This course simplifies energy management by teaching practical methodologies tailored to organizational needs. Participants will learn about the Energy Management process, the ISO 50001 standard, strategies to cut operational costs and carbon footprint, and gain insights from an international energy management practitioner while networking with peers.

### Objectives

- To understand where energy resources come from
- To identify energy [Waste]
- To gain expertise in managing the resource once it comes on site
- To enroll all organizational colleagues in the day to day management of energy resources
- To demonstrate to all parties Customers and Suppliers the best practices being carried out

### Process

- PowerPoint material
- Videos
- Discussions
- Case Studies and examples
- Role-playing in groups based on sample material
- Exercises
- Physical example energy audit of local premises

### Benefits

- A developed ability to identify and prioritize energy wasteful activities and practices
- A developed understanding of the contribution that can be made by every member of staff at ALL levels

- An ability to gather, process and analyze data and relate it to other aspects of organizational levels of activity
- An ability to develop and project management solutions that will enhance organizational performance
- Improved individual managerial performance and expertise

## Results

- Effective analysis of how where and when energy resources are employed
- The ability to create a Policy / Strategy for cost reduction
- Better personnel relationships and involvement/awareness
- Compliance with Internationally recognized business practices
- The foundation of methodologies to support future or current Carbon and Green House Gas reporting
