Training Course: Successful Planning, Organising & Delegating

Training Course code: MA1063 From: 15 - 19 September 2025 Venue: London (UK) - Landmark Office Space
- Oxford Street Training Course Fees: 5500 € Euro

Introduction

The environment of current business requires an increased focus on practices and skills in planning projects and work, properly organizing tasks, and one's work to improve productivity, and delegating work to empowered staff. Businesses and indeed, all organizations, find themselves needing more productive methods of planning, more appropriate goals, and effective means of accomplishing work. A focus on using productive best practices allows for effective and efficient management of work and making changes in the organization.

The course is designed to give participants an understanding of several management methods, processes, and procedures, as well as practice several key management techniques. The principles used are easily adapted to an organization's or individual's work assignments. The course presents a methodology of common, standard management techniques using a simple theoretical foundation and enhances learning with practical activities so students can develop knowledge and skill to manage more effectively and efficiently.

Course Objectives :

- Recognize internal and external influences on our daily planning
- Use basic planning process tools to plan work and project strategy
- Understand and develop skills necessary to complete work on time
- Learn how to organize work and projects to complete them successfully
- Understand how delegation can be used in planning and organizing
- Understand the characteristics of colleagues who do work in our teams
- Develop positive interpersonal techniques for better team relationships
- Develop the ability to make higher quality decisions as work is planned and organized

Course Process :

This course is an interactive mixture of lectures, discussions, activities, and practice on several management skills. It provides definitions, examples, discussions, and activities designed to promote skill building with interaction and discussion among participants. Activities and work on practice case studies are used to deliberately highlight the concepts taught and allow participants to practice new skills.

Course Results :

- Build and maintain effective and efficient procedures in the organization

- Complete work on time, on budget and exceeding customer expectations
- Develop skills in managers which will raise the capability, skill, and morale of colleagues
- Improved preparedness to deal with work task contingencies
- Establish organizational and personal planning capabilities
- Improved performance in personal and team organization
- Be better able to meet the challenges of dynamic, constant change
- Improve individual and team performance by establishing productive, effective, and efficient management procedures
- Learn to develop effective work and project plans for individuals and teams
- Learn management techniques to plan and organize work
- Develop skills in interpersonal interaction to better teamwork
- Acquire useful planning, organization, and delegation management skills
- Adds personal value and competency to an organization
