## Conference: Confined Space Awareness and Compliance

Conference code: CO8076 From: 25 - 29 May 2025 Venue: Sharm El-Sheikh (Egypt) - Sheraton Sharm Hotel Conference  
Fees: 4550 € Euro

### Introduction

The hazards of confined spaces are not new yet every year fatalities and injuries occur among workers who, during the course of their jobs, are required to enter confined spaces. Entry into confined spaces may be for maintenance, repair or statutory inspections. Accidents occur because of the inherent hazards or the induced hazards of wrong decisions. Personnel may have been insufficiently trained or have had their awareness blunted by experience.

The conference encompasses the hazards, the stringent precautions, and the safe systems of work necessary as well as their practical application. The final day is devoted in bringing together all this knowledge in a tabletop exercise.

This would include:

- The OSHA 1910.146 standard for permit required confined spaces
- The HSE Standard on confined space entry
- The inherent hazards of confined spaces
- Personnel training
- The required precautions necessary prior and during entry

### Conference Objectives of Confined Space Awareness and Compliance

- Become familiar with OSHA 1910.146 and Confined Spaces Regulations 1997 Approved Code of Practice, HSE
- Become familiar with the hazards of a confined space
- To take all the necessary precautions before entering
- Be able to maintain the confined space as a safe place to work
- Familiarise the delegates with different methods of cleaning and isolation

This would include:

- Safety Personnel
- Planning Engineers
- Entry Supervisors
- Authorised Entrants

### Conference Process of Confined Space Awareness and Compliance

The programme is presented with slides and interactive videos that all require active participation. Several case studies, with accompanying videos, are presented. On the last day of the seminar the delegates undertake a desktop exercise in planning an entry into a confined space.

### Conference Benefits of Confined Space Awareness and Compliance

The participants will attain an understanding of:

- The risks of confined spaces
- A safe system of work for confined spaces
- The health hazards involved
- Common confined spaces tasks and precautions
- The training necessary for all involved in confined space entry

## Conference Results of Confined Space Awareness and Compliance

The Participants will bring back into their company the capability of:

- Efficient planning for confined space entry
- Time optimisation in confined space entry work
- Confidence that the company is following best practices
- Confidence of personnel that all safety measures are being taken
- Elimination of accidents in confined spaces

## Core Competencies of Confined Space Awareness and Compliance

- Understanding the regulations used by OSHA and the HSE
- Isolation procedure
- Gas Freeing
- Atmospheric Testing
