Training Course: Microsoft Excel - Advanced Level

Training Course code: IT235602 From: 24 - 28 February 2025 Venue: London (UK) - Landmark Office Space
- Oxford Street Training Course Fees: 6000 € Euro

Introduction

This training program, designed by Global Horizon Training Center, aims to enhance participants' proficiency in Microsoft Excel at an advanced level. Participants will explore complex functionalities, data analysis techniques, and automation tools to increase their efficiency and effectiveness in handling data-related tasks. By mastering advanced Excel skills, participants will contribute to improved decision-making and productivity within their organizations.

Objectives

- Develop an in-depth understanding of advanced Excel features and functions.
- Enhance skills in data analysis and visualization techniques.
- Master the use of pivot tables, macros, and advanced formulas.
- Improve the ability to automate tasks and workflows within Excel.
- Foster effective data management and reporting practices.

Course Methodology

- Interactive Workshops: Hands-on training sessions with practical exercises.
- Group Discussions: Collaborative learning through sharing experiences and solutions.
- Real-World Case Studies: Application of Excel skills to real-life scenarios to enhance understanding.
- Assessments: Quizzes and practical assignments to evaluate participants' progress.

Organizational Impact

By equipping employees with advanced Excel skills, organizations can expect:

- Increased data accuracy and efficiency in reporting.
- Enhanced analytical capabilities leading to better decision-making.
- Streamlined workflows through automation and advanced functions.
- Improved team collaboration and productivity.

Target Audience

- Financial analysts
- Data analysts
- Managers and team leaders
- Administrative professionals
- Anyone looking to enhance their Excel skills for business applications

Outlines
