London (UK)
Landmark Office Space - Oxford Street*

Training Course: Accounts Payable: Planning, Organizing & Achieving Best Practice

Training Course code: FI2064 From: 16 - 20 June 2025 Venue: London (UK) - Landmark Office Space - Oxford Street
Training Course Fees: 5500 £ Euro

Introduction

This program provides businesses and other organizations with a strong sense of where they stand against industry leaders and shows them how to take their services and organizational processes to state of the art levels.

Documented strategies and tactics employed by highly admired companies are presented both successful and unsuccessful to illustrate the real-world functionality of each process and approach.

By attending this event, delegates will understand:

- The importance of the accounts payable function with regard to its links with the supply chain and cash flow
- The integrated systems of purchase order processing, stock inventory control, purchase ledger and cash payments and their links with the general ledger
- How to effectively manage cash and working capital to reduce costs and improve cash flow
- The impact of risk and uncertainty on the business and its impact on accounts payable and cash flow
- How leading companies from across the globe are achieving best practice in Accounts Payable

Target audience

This program provides a user-friendly environment to develop the knowledge and techniques related to accounts payable that are valuable for:

- Finance Executives and Professionals
- Accountants
- Accounts Payable Managers
- Accounts Payable Supervisors
- Accounts Payable Personnel
- Others who are working within the accounts payable process or who wish to develop a practical toolkit to complement their existing professional or technical skills

Objectives

T h i s p r o g r a m a i m s t o e n c

- Work effectively with the fundamentals of accounts payable, financial accounting and the supply chain
- Understand and apply the fundamentals of accounts payable systems
- Review and comment on payment methods and cash management
- Analyze the need to incorporate risk and uncertainty into accounts payable analysis
- Identify best practice across all industries

Methodology

The program will provide the theoretical background and techniques that underpin the organization and management of accounts payable and its related functions. It will provide a real-world practical context by incorporating worked examples and case studies that delegates will see how theory applies in practice and can discuss the various issues raised.

Outline
