Training Course: Cybersecurity Law: Legal Frameworks & Compliance

Training Course code: IT235751 From: 10 - 14 November 2025 Venue: Kuala Lumpur (Malaysia) - Royale Chulan Kuala Lumpur Training Course Fees: 6000 € Euro

Introduction

As organizations become increasingly reliant on digital infrastructure, cybersecurity law has emerged as a critical area of focus. Governments and regulatory bodies worldwide are implementing legal frameworks to protect sensitive data, prevent cyber threats, and enforce compliance with cybersecurity regulations.

This 5-day training program provides professionals with comprehensive knowledge of cybersecurity law, covering legal obligations, regulatory compliance, incident response, and ethical considerations. Participants will gain an in-depth understanding of global cybersecurity laws, risk management practices, and legal responsibilities to ensure their organizations remain compliant while mitigating cybersecurity risks.

Course Objectives

By the end of this training, participants will be able to:

- Understand the fundamentals of cybersecurity law and regulatory requirements.
- Analyze key cybersecurity laws and compliance frameworks across different jurisdictions.
- Identify legal responsibilities for data protection, privacy, and incident reporting.
- Navigate cybercrime regulations and enforcement mechanisms.
- Develop strategies for legal risk management in cybersecurity.
- Understand contractual obligations related to cybersecurity in business operations.
- Ensure organizational compliance with cybersecurity and data protection laws.

Target Audience

This program is designed for professionals involved in cybersecurity, legal compliance, and IT governance, including:

- Legal Advisors & Compliance Officers overseeing cybersecurity regulations.
- IT & Cybersecurity Professionals responsible for data security and legal compliance.
- Risk Managers & Data Protection Officers DPOs handling cybersecurity governance.
- Corporate Executives & Decision-Makers ensuring regulatory adherence.
- Law Enforcement & Government Officials working in cybersecurity law enforcement.
