

*Training Course:
Advanced Project Planning and Implementation*

21 - 25 December 2025

Dubai (UAE)

Residence Inn by Marriott Sheikh Zayed Road, Dubai

Training Course: Advanced Project Planning and Implementation

Training Course code: PC235863 From: 21 - 25 December 2025 Venue: Dubai (UAE) - Residence Inn by Marriott Sheikh Zayed Road, Dubai Training Course Fees: 4500 € Euro

Introduction

This training program, Advanced Project Planning and Implementation, is designed by Global Horizon Training Center to provide participants with a comprehensive understanding of project planning techniques, risk assessment methodologies, and execution strategies. This program aims to ensure successful project delivery by equipping participants with the knowledge and tools required to plan, execute, and monitor projects effectively. Through practical applications, case studies, and interactive discussions, participants will gain valuable insights to enhance their project management skills.

Objectives

By the end of this training program, participants will be able to:

- Understand and apply advanced project planning methodologies.
- Conduct comprehensive risk assessments to identify potential challenges and mitigate risks.
- Develop detailed execution strategies for successful project delivery.
- Apply project monitoring and control techniques to ensure adherence to plans.
- Enhance communication and coordination among project stakeholders.
- Optimize resource allocation and project scheduling for maximum efficiency.

Course Methodology

This training program will employ a variety of learning methodologies to ensure effective knowledge transfer, including:

- Lectures and Presentations: To provide foundational knowledge and theoretical frameworks.
- Case Studies and Practical Exercises: To enhance practical skills through real-world scenarios.
- Group Discussions: To facilitate knowledge sharing and collaborative problem-solving.
- Interactive Workshops: To provide hands-on experience with planning tools and techniques.
- Feedback and Evaluation: To ensure continuous improvement throughout the training.

Organizational Impact

Upon completing this training program, the organization will benefit from:

- Enhanced project planning and implementation capabilities.
- Improved risk assessment and mitigation processes.
- Greater efficiency and effectiveness in project execution.
- Optimized resource utilization and project scheduling.
- Better alignment of project objectives with organizational goals.
- Strengthened collaboration and communication among project teams.

Target Audience

This program is ideal for:

- Project Managers
- Project Engineers
- Project Coordinators
- Project Supervisors
- Department Heads involved in project planning and implementation
- Professionals seeking to enhance their project planning and execution skills

Course Outline

Day 1: Introduction to Advanced Project Planning

- Overview of project planning methodologies
- Aligning project planning with organizational objectives
- Identifying project scope, objectives, and deliverables
- Project feasibility analysis and stakeholder management
- Tools and techniques for effective planning

Day 2: Comprehensive Risk Assessment

- Understanding risk types and categories

- Risk identification techniques
- Risk analysis and prioritization
- Developing risk response strategies
- Integrating risk management into project planning

Day 3: Execution Strategies for Successful Delivery

- Developing detailed execution plans
- Project scheduling and resource allocation
- Communication planning and stakeholder engagement
- Implementation frameworks and methodologies
- Monitoring and controlling project progress

Day 4: Monitoring, Control, and Evaluation

- Establishing performance measurement metrics
- Using KPIs for project monitoring
- Techniques for effective project control
- Identifying deviations and implementing corrective actions
- Evaluation and post-project analysis

Day 5: Practical Applications and Case Studies

- Real-world case studies in project planning and implementation
- Group exercises on developing project plans
- Interactive workshop on risk assessment and execution strategies
- Feedback, Q&A, and course conclusion
