

*Training Course:
International Construction Contracts*

12 - 16 October 2025

Dubai (UAE)

Residence Inn by Marriott Sheikh Zayed Road, Dubai

Training Course: International Construction Contracts

Training Course code: PC235866 From: 12 - 16 October 2025 Venue: Dubai (UAE) - Residence Inn by Marriott Sheikh Zayed Road, Dubai Training Course Fees: 4500 € Euro

Introduction

This training program, International Construction Contracts, is designed by Global Horizon Training Center to provide participants with comprehensive insights into managing contracts across various jurisdictions. The program focuses on FIDIC standards, international legal frameworks, and best practices for drafting, negotiating, and managing construction contracts effectively. Participants will enhance their understanding of contractual risks, dispute resolution mechanisms, and the application of international standards in construction projects.

Objectives

By the end of this training program, participants will be able to:

- Understand the fundamentals of international construction contracts and their legal implications.
- Apply FIDIC standards in the preparation and management of contracts.
- Navigate legal frameworks and regulatory requirements across different jurisdictions.
- Identify and mitigate contractual risks in international construction projects.
- Implement effective contract administration techniques.
- Apply dispute resolution mechanisms to resolve contractual disputes.

Course Methodology

This training program will employ a variety of learning methodologies to ensure effective knowledge transfer, including:

- Lectures and Presentations: To provide foundational knowledge of international construction contracts and legal frameworks.
- Case Studies: To illustrate practical applications of FIDIC standards and international contracts.
- Interactive Discussions: To encourage knowledge sharing and collaborative problem-solving.
- Workshops: To enhance skills in contract drafting, negotiation, and administration.
- Feedback and Evaluation: To promote continuous learning and improvement.

Organizational Impact

Upon completing this training program, the organization will benefit from:

- Improved management of international construction contracts.
- Enhanced compliance with legal and regulatory requirements.
- Reduced contractual risks and disputes.
- Optimized contract administration processes.
- Strengthened negotiation capabilities with international partners.
- Better alignment of contractual practices with international standards.

Target Audience

This program is ideal for:

- Contract Managers
- Project Managers
- Legal Advisors
- Engineers involved in international projects
- Procurement Specialists
- Professionals responsible for contract negotiation and administration
