

*Training Course:
Risk Management in Projects*

15 - 19 June 2025

Dubai (UAE)

Residence Inn by Marriott Sheikh Zayed Road, Dubai

Training Course: Risk Management in Projects

Training Course code: MA235869 From: 15 - 19 June 2025 Venue: Dubai (UAE) - Residence Inn by Marriott Sheikh Zayed Road, Dubai Training Course Fees: 4500 € Euro

Introduction

This training program, Risk Management in Projects, is designed by Global Horizon Training Center to provide participants with the essential skills and knowledge required to identify, assess, and mitigate risks in various types of projects. The program focuses on comprehensive risk management processes that minimize the impact of risks on project outcomes, ensuring projects are delivered on time, within budget, and according to specified quality standards. Through practical applications and case studies, participants will develop effective strategies for risk identification, assessment, response planning, and monitoring.

Objectives

By the end of this training program, participants will be able to:

- Understand the principles and processes of risk management in projects.
- Identify and classify potential risks throughout the project lifecycle.
- Assess risks using qualitative and quantitative methods.
- Develop effective risk response strategies.
- Monitor and control risks to ensure successful project outcomes.
- Apply risk management techniques in real-world scenarios.

Course Methodology

This training program will employ a variety of learning methodologies to ensure effective knowledge transfer, including:

- Lectures and Presentations: To provide foundational knowledge of risk management processes and techniques.
- Case Studies: To demonstrate successful risk management applications in various projects.
- Group Discussions: To facilitate knowledge sharing and collaborative problem-solving.
- Workshops: To enhance participants' skills in identifying, assessing, and mitigating risks.
- Feedback and Evaluation: To ensure continuous learning and improvement.

Organizational Impact

Upon completing this training program, the organization will benefit from:

- Enhanced risk management capabilities.
- Reduced likelihood of project failure due to unmitigated risks.
- Improved decision-making through comprehensive risk assessment.
- Better allocation of resources for risk management activities.
- Increased project success rates and achievement of strategic objectives.
- Strengthened reputation for effective risk management.

Target Audience

This program is ideal for:

- Project Managers
- Risk Managers
- Project Coordinators
- Engineers and Technical Experts
- Quality Assurance Managers
- Professionals involved in project planning and execution

Course Outline

Day 1: Introduction to Risk Management

- Overview of risk management concepts and principles
- Importance of risk management in projects
- Risk management frameworks and standards
