Governance, Risk Management & Compliance
(GRC)

20 - 24 July 2025
Dubai (UAE)
Residence Inn by Marriott Sheikh Zayed Road, Dubai

Training Course:
Governance, Risk Management & Compliance (GRC)

Training Course code: MA235906 From: 20 - 24 July 2025 Venue: Dubai (UAE) - Residence Inn by Marriott Sheikh Zayed Road, Dubai Training Course Fees: 4500 ⬜ Euro

Introduction:

In today⬜s rapidly changing business environment, organizations must effectively manage risk, maintain strong governance frameworks, and ensure compliance with internal and external regulations. Governance, Risk Management, and Compliance GRC have become essential pillars for organizational sustainability, reputation, and growth.

This comprehensive 5-day training program provides participants with the knowledge and tools to develop, implement, and monitor effective GRC strategies. The program highlights the interdependencies between governance, risk, and compliance, helping professionals create an integrated approach that aligns with organizational objectives, industry standards, and regulatory requirements. Through real-world examples, interactive discussions, and case studies, participants will explore the strategic and operational components of GRC and learn how to build resilient systems that protect and support long-term performance.

Target Audience:

- Risk Managers and Compliance Officers

- Internal Auditors and Legal Advisors

- Corporate Governance Professionals

- Senior Executives and Board Members

- Department Heads and Strategy Officers

- Project Managers involved in risk and compliance

- Professionals seeking to enhance their understanding of GRC principles

Training Objectives:

By the end of this program, participants will be able to:

- Understand the core principles of governance, risk management, and compliance

- Develop and implement effective governance structures

- Identify, assess, and mitigate various types of risks

- Ensure alignment of GRC activities with organizational strategy

- Navigate regulatory environments and manage compliance obligations

- Build a culture of ethical behavior and accountability

- Use tools and frameworks to monitor and report on GRC performance
