

*Training Course:
Certified in the Governance of Enterprise IT
(CGEIT)*

28 September - 2 October 2025

Dubai (UAE)

Residence Inn by Marriott Sheikh Zayed Road, Dubai

Training Course: Certified in the Governance of Enterprise IT (CGEIT)

Training Course code: IT235919 From: 28 September - 2 October 2025 Venue: Dubai (UAE) - Residence Inn by Marriott
Sheikh Zayed Road, Dubai Training Course Fees: 4900 € Euro

Introduction

In the digital era, effective governance of enterprise IT is essential for aligning technology with business objectives, managing risk, and delivering value. The Certified in the Governance of Enterprise IT CGEIT training program, designed by Global Horizon Training Center, prepares professionals to master the frameworks and practices needed to govern IT enterprise-wide. This program supports candidates in developing the competencies required to pass the CGEIT certification exam offered by ISACA, and equips them to design, implement, and evaluate IT governance frameworks that drive business success and compliance.

Objectives

By the end of this course, participants will be able to:

- Understand the principles and framework of IT governance aligned with enterprise goals.
- Comprehend the structure, strategy, and resource management of IT governance.
- Manage benefits realization, risk optimization, and resource optimization.
- Prepare effectively for the CGEIT certification exam by mastering all four domains.
- Develop practical strategies for evaluating and improving enterprise IT governance.

Course Methodology

- Instructor-led sessions aligned with CGEIT domains
- Practice exam questions and simulated test environments
- Case studies from real-world enterprise governance challenges
- Interactive discussions and scenario analysis
- Quick reference handouts and exam readiness tools

Organizational Impact

Organizations will benefit from professionals who can:

- Ensure alignment of IT investments with business strategies

- Strengthen governance practices and compliance with international standards
- Improve IT risk management and performance monitoring
- Optimize IT resource usage and enable strategic agility
- Enhance executive decision-making and stakeholder communication

Target Audience

- IT Governance Officers and Professionals
- CIOs, CISOs, CTOs, and Senior IT Executives
- IT Compliance and Risk Managers
- Enterprise Architects and IT Strategists
- IS/IT Auditors and Consultants
- Anyone preparing for the CGEIT certification exam

Course Outline

Day 1: Governance of Enterprise IT

- Overview of enterprise IT governance principles
- Global frameworks and standards COBIT, ISO, ITIL, etc.
- Aligning IT governance with enterprise goals and strategies
- Role of leadership in IT governance
- Key enablers: structures, processes, and information

Day 2: IT Resources and Strategic Management

- Strategic alignment of IT with business functions
- IT investment management and value delivery
- Governance of IT strategy and planning
- Managing IT-enabled business transformation
- Performance measurement systems and KPIs

Day 3: Benefits Realization

- Establishing value metrics and business cases
- Portfolio management and value optimization
- Monitoring and reporting benefit delivery
- Continuous improvement of value creation
- Stakeholder engagement and communication

Day 4: Risk and Resource Optimization

- IT risk identification and classification
- Risk frameworks and controls e.g., COSO, ISO 31000
- Risk appetite, tolerance, and treatment plans
- Optimizing IT resources: people, infrastructure, and applications
- Third-party/vendor governance and outsourcing

Day 5: Exam Preparation and Practical Integration

- Overview of ISACA CGEIT exam structure and registration process
- Sample questions and mock test walkthrough
- Tips for test-taking and memory techniques
- Recap of core domains and study plan guidance
- Individual action planning for implementation and exam readiness
