

Training Course:
NEBOSH Environmental Management

14 - 18 December 2025
Istanbul (Turkey)
DoubleTree by Hilton Istanbul Esentepe

Training Course: NEBOSH Environmental Management

Training Course code: MA235954 From: 14 - 18 December 2025 Venue: Istanbul (Turkey) - DoubleTree by Hilton Istanbul Esentepe Training Course Fees: 5500 ₺ Euro

Introduction

With the growing global environmental challenges, environmental management has become an essential part of modern organizations' strategies to ensure regulatory compliance and achieve sustainable development goals. The NEBOSH Environmental Management course focuses on equipping individuals with the competencies required to identify environmental risks, apply effective mitigation strategies, and ensure compliance with environmental legislation.

This program, developed by Global Horizon Training & Consulting Center, provides participants with theoretical knowledge and practical skills to understand key environmental issues and manage organizational activities in a sustainable and responsible manner.

Objectives

By the end of this program, participants will be able to:

- Understand the core principles of environmental management in line with NEBOSH standards.
- Analyze environmental impacts of industrial and commercial activities.
- Apply strategies to reduce waste, pollution, and resource consumption.
- Interpret and implement legal environmental requirements in the workplace.
- Develop effective Environmental Management Systems EMS in accordance with ISO 14001.
- Prepare environmental assessment reports and identify environmental performance indicators.

Training Methodology

The course employs a combination of:

- Interactive presentations led by expert trainers
- Group discussions and real-world case studies
- Practical workshops and environmental analysis activities

- Quizzes and short assessments to measure comprehension
- NEBOSH-aligned preparation guide and exam strategies

Organizational Impact

This program will contribute the following benefits to the organization:

- Enhanced compliance with environmental legislation and standards
- Reduction in environmental risks and avoidance of penalties
- Strengthened environmental and social responsibility initiatives
- Improved corporate image in local communities and global markets
- Development of a workplace culture rooted in environmental awareness and responsibility

Target Audience

This program is designed for:

- Environmental, Health, and Safety HSE officers
- Site managers and industrial supervisors
- Environmental compliance and auditing officers
- Quality and environmental consultants
- Any professional seeking the NEBOSH Environmental Certificate
