Training Course: Certified Knowledge Manager – APQC

Training Course code: SC235964 From: 23 - 27 November 2025 Venue: Cairo (Egypt) - Holiday Inn & Suites Cairo Maadi, an IHG Hotel Training Course Fees: 3875 – Euro

Introduction

The Certified Knowledge Manager - APQC training program is a comprehensive course designed and delivered by Global Horizon Training Center, drawing upon the industry-standard APQC American Productivity & Quality Center knowledge management framework. This course equips professionals with the skills, tools, and strategic approaches necessary to build, manage, and sustain high-impact knowledge management initiatives within organizations. With a focus on real-world application and APQC's proven methodologies, participants will gain the confidence to lead and innovate in their knowledge management roles.

Objectives

By the end of the course, participants will be able to:

- Understand the principles and lifecycle of knowledge management using the APQC framework.
- Design and implement effective knowledge strategies aligned with organizational goals.
- Develop KM governance, culture, and infrastructure.
- Identify, capture, share, and apply knowledge to enhance organizational performance.
- Use metrics and tools to measure and improve KM initiatives.
- Promote a culture of continuous learning and collaboration across departments.

Organizational Impact

Organizations will benefit from:

- Improved knowledge sharing and reduced knowledge loss.
- Increased employee productivity and decision-making capabilities.
- Accelerated innovation and learning.
- A structured and sustainable approach to managing knowledge assets.
- Stronger alignment between knowledge initiatives and business strategy.
- Enhanced collaboration across functional silos.

Target Audience

This course is ideal for:

- Knowledge Managers and KM Practitioners
- HR and Learning & Development Professionals
- IT and Digital Transformation Leaders
- Business Unit Heads and Operations Managers
- Project Managers and Change Agents
- Anyone responsible for creating or managing knowledge assets within an organization
