DoubleTree by Hilton Istanbul Esentepe

Training Course:
BPM2 Intermediate Preparation

Training Course code: SC235965 From: 7 - 11 September 2025 Venue: Istanbul (Turkey) - DoubleTree by Hilton Istanbul Esentepe Training Course Fees: 6000 ⏃ Euro

Introduction

The BPM2 Intermediate Preparation course is an intensive, certification-focused training program meticulously developed by Global Horizon Training Center to help professionals prepare for the Object Management Group OMG BPM 2.0 Intermediate Certification Exam. This course provides a deep dive into the principles, modeling techniques, and real-world application of Business Process Model and Notation BPMN 2.0, covering the intermediate-level knowledge necessary to interpret, create, and validate BPMN models with precision.

Objectives

By the end of this course, participants will be able to:

- Understand and apply intermediate-level BPMN 2.0 concepts and notations.

- Design, analyze, and interpret process models using BPMN 2.0.

- Recognize the use of different BPMN elements, such as events, gateways, subprocesses, and pools/lanes.

- Ensure process model compliance with OMG certification standards.

- Prepare confidently for the OMG BPM2 Intermediate certification exam.

- Translate business processes into standard models for documentation, improvement, or automation.

Organizational Impact

Organizations will benefit from:

- Enhanced process modeling capabilities across teams.

- Standardized documentation of business processes using BPMN 2.0.

- More effective communication between business and technical stakeholders.

- Improved process analysis, optimization, and automation readiness.

- Certified professionals capable of supporting BPM governance and transformation.

Target Audience

This course is intended for:

- Business Process Analysts and Designers

- BPM Consultants and Practitioners

- IT Architects and System Analysts

- Project Managers involved in BPM initiatives

- Professionals preparing for the OMG BPM2 Intermediate exam

- Anyone responsible for documenting or analyzing business processes

Outlines
