Training Course: Task and Correspondence Management

Training Course code: MA236008 From: 3 - 7 August 2025 Venue: Cairo (Egypt) - Holiday Inn & Suites Cairo Maadi, an IHG Hotel Training Course Fees: 3550 € Euro

Introduction

Effective task and correspondence management is essential in today's complex and fast-paced professional environments. Whether in government institutions, corporate offices, or international organizations, the ability to manage responsibilities and communications in a structured, traceable, and timely manner directly contributes to institutional efficiency, compliance, and service quality.

The "Task and Correspondence Management" training program developed by Global Horizon Training Center equips professionals with the practical skills and strategic mindset necessary to manage assignments and official correspondence with precision and accountability. Participants will explore tools and methods for tracking tasks, organizing incoming and outgoing communication, prioritizing workload, and ensuring timely follow-up.

Objectives

By the end of this training program, participants will be able to:

- Understand the principles and importance of structured task and correspondence management.
- Apply modern techniques to organize, prioritize, and track tasks and communications.
- Utilize document and information management systems for correspondence control.
- Improve internal and external communication clarity and professionalism.
- Ensure timely execution and reporting of assigned tasks.
- Develop standard operating procedures SOPs for correspondence and task workflows.

Course Methodology

The course employs a dynamic blend of instructional strategies, including:

- Interactive lectures and real-world demonstrations
- Hands-on activities and system simulations if available
- Case studies of effective correspondence systems in organizations
- Group discussions and peer learning exercises
- Templates and SOP development workshops

Organizational Impact

Implementing the concepts taught in this training will:

- Streamline internal workflows and improve accountability
- Enhance clarity, professionalism, and traceability in all correspondence
- Reduce delays and overlooked tasks through structured tracking
- Ensure consistent documentation, storage, and follow-up practices
- Support performance evaluations through measurable task completion metrics
