Training Course: Government Tenders and Procurement System

Training Course code: PC236025 From: 18 - 22 August 2025 Venue: London (UK) - Landmark Office Space - Oxford Street
Training Course Fees: 5500 € Euro

Introduction

The Government Tenders and Procurement System is a critical process that ensures transparency, fairness, and efficiency in the acquisition of goods, services, and works by government entities. Proper understanding and management of tenders and procurement not only safeguard public resources but also enhance competitiveness and compliance with legal frameworks.

This comprehensive training program is designed by Global Horizon Training Center to equip participants with in-depth knowledge and practical skills in managing government tenders and procurement processes. The program covers all essential phases including planning, tendering, evaluation, awarding contracts, and post-contract management, with a focus on best practices, legal requirements, and ethical considerations.

Objectives

By the end of this program, participants will be able to:

- Understand the framework and principles governing government tenders and procurement systems.
- Navigate the legal and regulatory requirements related to public procurement.
- Develop and manage tender documents, including specifications, evaluation criteria, and contract terms.
- Conduct fair and transparent tendering processes, including the use of electronic procurement tools.
- Apply best practices in supplier evaluation, contract awarding, and vendor management.
- Identify and mitigate risks associated with government procurement.
- Ensure compliance with ethical standards and anti-corruption policies.
- Enhance organizational procurement performance through effective planning and monitoring.

Course Methodology

- Interactive lectures and presentations
- Case studies and real-world examples
- Group discussions and role-playing exercises
- Hands-on workshops on tender document preparation and evaluation

- Use of electronic procurement simulation tools
- Quizzes and knowledge checks for reinforcement
- Q&A sessions with procurement experts
- Post-training action plan development

Organizational Impact

- Improved efficiency and transparency in procurement processes.
- Reduced risks of legal non-compliance and corruption.
- Enhanced capability in drafting and managing tenders and contracts.
- Increased competitive advantage through effective supplier management.
- Strengthened internal controls and accountability in procurement.
- Better alignment with government procurement policies and regulations.

Target Audience

- Government procurement officers and officials
- Tender committee members and evaluators
- Contract managers and legal advisors are involved in procurement
- Public sector project managers
- Auditors and compliance officers
- Suppliers and vendors interested in government contracts
- Consultants and advisors supporting public procurement
