Training Course Fees: 6000

Euro

Introduction:

The Certified Strategy and Business Planning Professional program is designed by Global Horizon Training Center to equip current and future business leaders with the essential tools, frameworks, and methodologies for developing and executing effective business strategies. In today s fast-paced and competitive global market, the ability to craft, implement, and sustain a strategic vision is critical to organizational success.

This program bridges the gap between high-level strategic thinking and practical implementation, providing participants with the knowledge and skills to lead strategic planning initiatives, align organizational goals, and monitor performance effectively.

Objectives:

By the end of this program, participants will be able to:

- Understand the core principles of strategic thinking and strategic planning.
- Apply practical tools for environmental scanning, SWOT, and PESTEL analysis.
- Develop actionable and measurable strategic and business plans.
- Align organizational resources and capabilities with strategic goals.
- Lead the strategy implementation process and measure outcomes using KPIs and balanced scorecards.
- Build strategic agility and improve decision-making in uncertain environments.

Course Methodology:

This course is highly interactive, blending theoretical frameworks with real-world applications through:

- · Case studies and real-world simulations
- Group discussions and role plays
- Interactive lectures and concept briefings
- Strategic planning toolkits and templates
- Individual and team-based exercises
- Final strategy presentation and feedback

Organizational Impact:

Organizations that invest in this course can expect to see:

- Stronger alignment between strategic objectives and day-to-day operations.
- Enhanced capability to anticipate market changes and respond proactively.
- More robust business planning and performance management processes.
- Improved communication and collaboration among strategy and operations teams.
- Greater innovation and agility in strategy execution.

Target Audience:

This program is designed for:

- · Business unit heads and department managers
- Strategy and planning officers
- Corporate performance managers
- · Financial planners and analysts
- · Consultants and advisors involved in strategic planning
- · Professionals aspiring to move into strategic roles
