Training Course: Quality Strategy and Planning

Training Course code: LS236117 From: 13 - 17 October 2025 Venue: Baku (Azerbaijan) - Training Course Fees: 5500 € Euro

Introduction:

This training program, designed by Global Horizon Training Center, provides participants with a strategic framework for integrating quality into the core of organizational planning and performance. As organizations face increasing pressure to deliver value, reduce waste, and enhance stakeholder satisfaction, a structured approach to Quality Strategy and Planning becomes essential.

The program introduces strategic quality tools, planning methodologies, and measurement systems that align quality goals with business objectives. Participants will gain practical knowledge on how to develop, implement, and evaluate quality strategies that support operational excellence and continuous improvement.

Objectives:

By the end of this training, participants will be able to:

- Understand the principles and strategic value of quality management.
- Align quality strategies with organizational goals and mission.
- Apply strategic planning tools for quality initiatives.
- Design and monitor key quality performance indicators KPIs.
- Integrate quality planning with risk management and process improvement.
- Foster a quality-driven culture across departments and teams.

Course Methodology:

The program employs an interactive learning approach that includes:

- Case studies and real-world examples
- Group discussions and brainstorming sessions
- Strategic planning simulations
- Quality strategy mapping exercises

- Interactive presentations and guided facilitation

Organizational Impact:

Organizations will benefit through:

- Improved alignment between quality initiatives and corporate strategy.
- Enhanced capability to plan and measure quality performance.
- Reduced process variability and increased efficiency.
- A proactive culture focused on quality, compliance, and innovation.
- Stronger internal collaboration and leadership commitment to quality.

Target Audience:

This program is ideal for:

- Quality Managers and Quality Assurance Professionals
- Strategic Planners and Business Improvement Specialists
- Operations and Process Managers
- Project and Program Managers
- Risk and Compliance Officers
- Senior Executives and Department Heads involved in quality planning
