Residence Inn by Marriott Sheikh Zayed Road, Dubai

Training Course: Effective Public Policy Making in Complex Environments

Training Course code: SC236132 From: 2 - 6 November 2025 Venue: Dubai (UAE) - Residence Inn by Marriott Sheikh Zayed Road, Dubai Training Course Fees: 4900 € Euro

Introduction

In an increasingly interconnected, fast-changing, and often unpredictable global landscape, public policymakers must navigate complex environments marked by competing interests, uncertainty, and evolving societal expectations. This training program is designed to equip public officials, advisors, and policy professionals with the strategic tools, frameworks, and insights required to design, analyze, and implement effective public policies. It blends theory with practice, emphasizing adaptive leadership, evidence-based decision-making, stakeholder engagement, and cross-sector collaboration.

Target Audience

- Government officials and policymakers
- Strategic planners and policy advisors
- Public administration professionals
- NGO leaders and think tank researchers
- Development agency representatives
- Anyone involved in the formulation, analysis, or evaluation of public policy

Objectives

By the end of the training, participants will be able to:

- Understand the dynamics of policymaking in complex and uncertain environments
- Apply systems thinking and strategic foresight to policy planning
- Design public policies that are inclusive, adaptive, and evidence-informed
- Engage diverse stakeholders and manage political, economic, and social complexities
- Evaluate policy impact and adjust strategies in response to changing realities

Outlines

Day 1:

Understanding Complexity in Policy Environments

- Introduction to public policy frameworks
- Characteristics of complex, uncertain, and dynamic environments
- Systems thinking in public governance
- Case studies of policy failures and successes in complex scenarios
- Group discussion: Identifying complexity in your local policy landscape

Day 2:

Strategic Foresight and Policy Planning

- Tools for scenario development and future thinking
- Anticipatory governance and long-term policy design
- Policy innovation: balancing stability and flexibility
- Group exercise: Building a future-focused policy scenario

Day 3:

Evidence-Based Policymaking

- Role of data and analytics in public policy
- Designing and using policy indicators
- Bridging the research-policy gap
- Practical session: Developing a policy brief using evidence

Day 4:

Stakeholder Engagement and Political Realities

- Identifying and mapping stakeholders
- Techniques for negotiation and consensus-building
- Navigating political economy and vested interests
- Simulation exercise: Stakeholder dialogue and decision-making

Day 5:

Monitoring, Evaluation, and Policy Adaptation

- Policy performance measurement frameworks
- Learning loops and adaptive policy management
- Communicating policy impact to the public and media
- Final group project: Designing a policy response to a real-world complex challenge
