Training Course:
The Fundamentals of Enterprise Architecture:
Building a Strong Foundation

17 - 21 November 2025
Milan (Italy)

Training Course:
The Fundamentals of Enterprise Architecture: Building a Strong Foundation

Training Course code: SC235816 From: 17 - 21 November 2025 Venue: Milan (Italy) - Training Course Fees: 6000 ⏳ Euro

Introduction

Enterprise Architecture EA plays a crucial role in aligning business strategies with IT capabilities. This program provides foundational knowledge of EA, its frameworks, methodologies, and best practices. Participants will gain a structured approach to designing and managing enterprise systems to ensure efficiency, scalability, and adaptability.

Target Audience

- IT Managers and Architects

- Business Analysts

- Enterprise and Solution Architects

- Project Managers

- IT Consultants

- Professionals involved in digital transformation

Objectives

By the end of this training, participants will:

- Understand the fundamental principles of Enterprise Architecture EA.

- Explore key EA frameworks and methodologies.

- Learn how to align business and IT strategies.

- Identify tools and techniques for EA implementation.

- Develop foundational skills for EA governance and management.
