## Conference: Project Management for Supply Chain Professionals

Conference code: CO8252 From: 2 - 6 August 2026 Venue: Istanbul (Turkey) - DoubleTree by Hilton Istanbul Esentepe  
Conference Fees: 6300 € Euro

### Introduction

This course integrates project management principles into supply management, demonstrating how structured processes can enhance workflow and efficiency. Participants will learn to apply project management tools and techniques to initiate, execute, and control supply management projects. The focus will be on improving supply management by leveraging project management concepts to streamline processes, enhance customer service, and deliver economic value. The course aims to expand supply managers' perspectives, enabling them to adopt project management techniques to optimize performance across organizational boundaries.

### Conference Objectives

- Organize, plan, launch, track, and close a project
- Create a clear project objective and work breakdown structure
- Master project planning, execution, and control skills
- Identify the skills necessary to lead or serve on a project team
- Utilize project management-related techniques
- Create an accurate project timeline
- Incorporate uncertainties in project time and cost plans
- Use various project scheduling techniques
- Plan a project balancing the constraints of scope, time, cost, and quality
- Complete project cost estimation and financial evaluations
- Build and maintain effective and efficient project procedures and processes
- Identify improvement opportunities to better manage supply chains
- Demonstrate proficiency in developing project plans and making sound decisions
