Training Course: Document and Archive Management: Effective Strategies for Information Preservation

Training Course code: OM235510 From: 2 - 6 November 2026 Venue: London (UK) - Training Course Fees: 5775 € Euro

Introduction

This program, designed by Global Horizon Training Center, focuses on developing practical skills for managing documents and archives effectively across their lifecycle. It addresses key challenges such as data growth, compliance requirements, and the use of systems like Electronic Document Management Systems EDMS to ensure secure, organized, and accessible information management.

Objectives

By the end of this program, participants will be able to:

- Understand the fundamentals and importance of document management
- Apply effective archiving methods and document organization techniques
- Develop structured systems for document coding and classification
- Implement modern electronic document management strategies
- Enhance information security and compliance in document handling

Target Audience

- Administrative and Office Professionals
- Records and Archive Officers
- IT and Systems Personnel
- Data Management and Security Officers
- Professionals involved in document control and information management
