Training Course: Creative Strategic IT

Training Course code: IT1138 From: 14 - 25 December 2026 Venue: London (UK) - Training Course Fees: 10300 € Euro

Introduction

This seminar is designed to provide IT leaders and professionals with a set of transformational tools and techniques to help them maximize their own and their team's creative potential. The starting point for this seminar is self-discovery; participants will work on the inside first and then focus outwards onto the world of business.

The initial focus of the seminar will be:

- Preparation to move out of your comfort zone and experiment with new ways of creating and communicating an inspiring leadership vision.
- To define IT strategy and set out techniques for leading an agile IT organization that is customer-centric, makes good strategic management and technical decisions, and leverages IT resources effectively.
- The emphasis on the strategic importance of information services to the enterprise and their contribution as a critical partner in meeting business goals.
- Identifying opportunities for new kinds of thinking and learning to challenge the givens without breaking the bonds
- How to improve your negotiation skills and overcome departmental and organizational obstacles to success

Course Objectives

By the end of this program you will be able to:

- Set out their personal leadership brand
- Demonstrate innovative methods for harnessing others' creative potential
- Articulate a vision using multiple sensory representations
- Communicate their vision in refreshing and engaging ways
