Training Course: Excelling in Governmental Construction Projects

Training Course code: EN1962 From: 6 - 10 December 2026 Venue: Cairo (Egypt) - Holiday Inn & Suites Cairo Maadi, an IHG Hotel Training Course Fees: 4410 € Euro

Introduction

Governmental construction projects are characterized by complex regulations, strict compliance requirements, and high public accountability. Successfully delivering these projects requires strong project governance, effective stakeholder management, and adherence to procurement and contract frameworks.

This program, designed by Global Horizon Training Center, equips participants with the knowledge and practical strategies needed to manage and execute governmental construction projects efficiently, ensuring compliance, quality delivery, and alignment with public sector objectives.

Course Objectives

By the end of this program, participants will be able to:

- Understand the structure and requirements of governmental construction projects
- Navigate public procurement and tendering processes
- Manage contracts and ensure compliance with regulations
- Plan and control project scope, cost, and schedule
- Coordinate stakeholders across public and private sectors
- Identify and mitigate risks in government projects
- Ensure quality assurance and performance standards
- Deliver projects in alignment with governance and accountability frameworks

Target Audience

This program is designed for:

- Project Managers and Engineers in public sector projects
- Government officials involved in construction and infrastructure
- Contractors and Consultants working on governmental projects
