Training Course: Developing Strategy for Value Creation

Training Course code: LS235018 From: 2 - 6 August 2026 Venue: Manama (Bahrain) - Training Course Fees: 4725 € Euro

Introduction:

Welcome to the training program on "Developing Strategy for Value Creation." This program aims to equip you with the knowledge and skills required to develop effective strategies for creating value in your organization. In today's competitive business environment, creating value for customers is critical to achieving sustainable growth and profitability. This program will provide you with a framework for understanding the key drivers of value creation and how to develop strategies that align with these drivers.

Objectives:

- Understand the concept of value creation and its importance in today's business environment
- Learn how to analyze your organization's value proposition and identify areas for improvement
- Develop a strategic mindset and learn how to create strategies that align with your organization's goals and objectives
- Learn how to identify and evaluate market opportunities for creating value
- Understand the role of innovation in value creation and learn how to develop an innovation strategy
- Learn how to measure the success of your value creation strategy and make adjustments as needed

Target Audience:

This training program is designed for mid to senior-level managers, entrepreneurs, and business owners who are responsible for developing and implementing strategies to create value in their organizations. Participants should have a basic understanding of business concepts and be familiar with their organization's products, services, and markets.

Outline:
