

*Training Course:  
Process Industry Inspection & Testing Skills*

*7 - 11 December 2026  
Kuala Lumpur (Malaysia)*

## Training Course: Process Industry Inspection & Testing Skills

Training Course code: EN9268 From: 7 - 11 December 2026 Venue: Kuala Lumpur (Malaysia) - Training Course Fees: 6825 € Euro

### Introduction

Inspection and testing are critical functions in process industries to ensure equipment integrity, operational safety, and compliance with international standards. Effective inspection practices help detect defects early, prevent failures, and maintain reliability across industrial assets.

This program, designed by Global Horizon Training Center, equips participants with the technical knowledge and practical skills required to perform inspection and testing activities in process industries, covering methods, standards, and real-world applications.

### Course Objectives

By the end of this program, participants will be able to:

- Understand inspection and testing principles in process industries
- Identify inspection requirements for equipment and systems
- Apply non-destructive testing NDT techniques
- Interpret inspection results and evaluate equipment condition
- Ensure compliance with industry standards API, ASME, ISO
- Perform quality control and verification procedures
- Identify defects and assess their impact
- Improve asset integrity and operational reliability

### Target Audience

This program is designed for:

- Inspection and NDT Engineers
- Mechanical and Integrity Engineers
- Quality Control and Assurance Professionals
- Maintenance and Reliability Engineers
- Oil & Gas and Process Industry Personnel
- Technical staff involved in inspection and testing

### Outline

#### Day 1: Fundamentals of Inspection and Testing

- Overview of inspection in process industries
- Types of inspection visual, NDT, destructive
- Inspection planning and procedures
- Standards and codes API, ASME, ISO
- Safety considerations

#### Day 2: Non-Destructive Testing NDT Methods

- Principles of NDT techniques
- Ultrasonic testing UT
- Radiographic testing RT
- Magnetic particle and dye penetrant testing
- Selection of NDT methods

#### Day 3: Inspection of Equipment and Systems

- Inspection of pressure vessels and piping
- Rotating equipment inspection
- Corrosion and material degradation
- Welding inspection basics
- Inspection documentation

#### Day 4: Testing and Quality Control

- Pressure testing hydrostatic and pneumatic
- Leak testing and performance verification
- Calibration and measurement tools
- Quality assurance procedures
- Compliance verification

#### Day 5: Defect Analysis, Reporting, and Case Studies

- Identifying defects and failure modes
- Fitness-for-service FFS concepts
- Reporting and documentation
- Root cause analysis RCA
- Case studies and real-world applications

## Registration form on the Training Course: Process Industry Inspection & Testing Skills

Training Course code: EN9268 From: 7 - 11 December 2026 Venue: Kuala Lumpur (Malaysia) - Training  
Course Fees: 6825 € Euro

Complete & Mail or fax to Global Horizon Training Center (GHTC) at the address given below

### Delegate Information

Full Name (Mr / Ms / Dr / Eng): .....  
 Position: .....  
 Telephone / Mobile: .....  
 Personal E-Mail: .....  
 Official E-Mail: .....

### Company Information

Company Name: .....  
 Address: .....  
 City / Country: .....

### Person Responsible for Training and Development

Full Name (Mr / Ms / Dr / Eng): .....  
 Position: .....  
 Telephone / Mobile: .....  
 Personal E-Mail: .....  
 Official E-Mail: .....

### Payment Method

- Please find enclosed a cheque made payable to Global Horizon
- Please invoice me
- Please invoice my company

### Easy Ways To Register

Telephone:  
+201095004484 to  
provisionally reserve your  
place.

Fax your completed  
registration  
form to: +20233379764

E-mail to us :  
info@gh4t.com  
or training@gh4t.com

Complete & return the  
booking form with cheque  
to: Global Horizon  
3 Oudai street, Aldouki,  
Giza, Giza Governorate,  
Egypt.
