Training Course code: MM235337 From: 9 - 13 August 2026 Venue: Cairo (Egypt) - Holiday Inn & Suites Cairo Maadi, an IHG Hotel Training Course Fees: 4410 € Euro

Introduction

Safety management is a fundamental pillar in maritime operations, ensuring the protection of life, property, and the marine environment. The [International Safety Management ISM Code](#), developed by the [International Maritime Organization IMO](#), provides a globally recognized framework for the safe management and operation of ships, as well as pollution prevention.

This program, developed by [Global Horizon Training Center](#), equips participants with a comprehensive understanding of the ISM Code and its practical implementation within maritime organizations. It focuses on the development, implementation, and continuous improvement of Safety Management Systems SMS, ensuring compliance with international regulations and best practices.

Participants will gain practical insights into risk management, safety procedures, audits, and operational control, enabling them to enhance safety culture and operational efficiency within their organizations.
