Training Course: The Building Maintenance and Operations

Training Course code: EN234908 From: 29 November - 3 December 2026 Venue: Istanbul (Turkey) - DoubleTree by Hilton Istanbul Esentepe Training Course Fees: 6825 € Euro

Introduction

Effective building maintenance and operations are essential for ensuring the safety, functionality, and longevity of facilities. Proper management of building systems and maintenance activities helps reduce operational costs, enhance occupant comfort, and maintain asset value.

This program, designed by Global Horizon Training Center, equips participants with the knowledge and practical skills required to manage building operations efficiently, implement maintenance strategies, and optimize facility performance.

Course Objectives

By the end of this program, participants will be able to:

- Understand building systems and operational requirements
- Develop and implement maintenance strategies
- Manage daily facility operations effectively
- Apply preventive and corrective maintenance practices
- Monitor building performance and energy efficiency
- Ensure compliance with safety and regulatory standards
- Optimize resource utilization and cost efficiency
- Improve service quality and occupant satisfaction

Target Audience

This program is designed for:

- Facility and Building Managers
- Maintenance and Operations Engineers
- Property Management Professionals
- Technical Supervisors and Technicians
- Asset and Operations Personnel
- Professionals involved in facility services management
