Training Course: Insurance and Risk Management for Senior Professionals

Training Course code: MA234577 From: 9 - 13 November 2026 Venue: London (UK) - Training Course Fees: 5775 € Euro

Introduction

In today's uncertain and highly regulated business environment, senior professionals must effectively manage risks while leveraging insurance as a strategic tool to protect organizational assets and ensure continuity. This program, developed by [Global Horizon Training Center](#), provides a comprehensive understanding of risk management principles and the role of insurance in mitigating financial and operational exposures.

The course integrates enterprise risk management concepts with practical insurance strategies, enabling participants to evaluate risks, design appropriate coverage, and align risk transfer mechanisms with organizational objectives. Participants will gain the insights needed to make informed decisions that enhance resilience, compliance, and long-term sustainability.

Course Objectives

By the end of this program, participants will be able to:

- Understand key concepts and frameworks of risk management and insurance
- Identify and assess various types of organizational risks
- Evaluate insurance products and coverage options
- Design risk mitigation and risk transfer strategies
- Integrate insurance into enterprise risk management ERM frameworks
- Analyze claims management processes and policy structures
- Improve decision-making related to risk financing and insurance planning
- Ensure compliance with regulatory and governance requirements
- Strengthen organizational resilience and business continuity
