Leadership and Innovation

27 April - 1 May 2026
London (UK)

Conference: Smart Leadership: Achieving Strategy through Leadership and Innovation

Conference code: CO8142 From: 27 April - 1 May 2026 Venue: London (UK) - Conference Fees: 6300 € Euro

Introduction

Innovation is essential for organizations to thrive in today's competitive global industries. Creativity generates new ideas, while innovation turns them into practical solutions, giving businesses a distinct advantage. Leaders play a critical role in fostering environments where creativity and innovation flourish, overcoming resistance to change. This program focuses on nurturing people, processes, and practices that drive innovation, enabling businesses to outperform competitors. Learn proven strategies to align employee energy, ideas, and actions with organizational success.

Objectives

- Set creativity and innovation in a strategic context
- Understand the drivers for a greater emphasis in business on creativity and innovation
- Identify the processes and activities which support creativity and innovation in organizations
- Identify the strategies, tools, and techniques to improve levels of creativity and innovation
- Understand how the process of change can block or enable employees at all levels to resist or embrace a greater emphasis on creativity and innovation
- Understand the crucial role and skills of the leader in creating an environment where creativity and innovation thrive

Benefits

- Develop skills for strategic leaders to lead the process of building the right culture for fostering innovation
- Improve preparedness to deal with strategic improvements
- Establish organizational, team and personal innovative capabilities
- Improve performance by executive innovative processes and functions
- Improve motivation and gain the participation of the full workforce
- Allow leaders to better meet challenges of dynamic, strategic change

Results

The skills learned in thi
any new strategy a success. Advancements in an enterprise come about because innovation or constant improvement techniques are encouraged by management to get all employees performing with new levels of thinking. Gaining the buy-in from all participants who can make the new strategy or change work is a key result of this program.
