## Training Course: Labor Market

Training Course code: MA234945 From: 30 August - 3 September 2026 Venue: Sharm El-Sheikh (Egypt) - Sheraton Sharm Hotel Training Course Fees: 4350 € Euro

### Introduction:

The program is designed to provide participants with a comprehensive understanding of the economic principles and theories that govern the functioning of labor markets. Topics covered in the program include labor demand and supply, wage determination, labor market discrimination, unemployment, and labor market policy.

### Objectives:

- Understand the economic principles and theories underlying the functioning of labor markets
- Analyze labor market data and interpret labor market trends
- Understand the factors that determine labor demand and supply
- Understand the determinants of wages and wage differentials
- Understand the causes and consequences of unemployment
- Understand the impact of labor market policies on labor market outcomes

### Target Audience:

The program is designed for professionals with an interest in labor markets, including:

- Human resource professionals
- Economic analysts and consultants
- Government officials and policy makers
- Academics and researchers in economics and related fields
- Business leaders and managers

## Outlines:

### Day 1: Introduction to Labor Economics

- Fundamental concepts of labor economics: human capital, labor demand, and labor supply
- Labor market equilibrium and the role of wages
- Overview of labor market data and key trends
- Applications of labor demand and supply theories in labor market analysis

### Day 2: Labor Market Data Analysis

- Interpreting labor market trends using employment, wages, productivity, and unemployment data
- Using labor market indicators for economic analysis
- Application of econometric methods to analyze labor market data
- Practical exercises in labor market data interpretation

### Day 3: Determinants of Wages

- Factors influencing wages, including education, skills, and experience
- Analysis of wage differentials across sectors and occupations
- Understanding the role of labor market institutions on wage outcomes
- Case studies and data exercises on wage determination

### Day 4: Unemployment and Labor Market Policies

- Causes and consequences of unemployment
- Analysis of unemployment rates and their determinants
- Overview of labor market policies and their impact on employment and wages
- Evaluating the effectiveness of labor policies on labor market outcomes

### Day 5: Review, Action Planning, and Program Evaluation

- Synthesis of key concepts, theories, and analytical tools
- Action planning for labor market policy and strategy development
- Group discussions and practical exercises
- Program evaluation and feedback
