Training Course: Certified Associate in Project Management CAPM

Training Course code: MA2068 From: 19 - 23 July 2026 Venue: Amman (Jordan) - Training Course Fees: 4200 € Euro

Introduction

The **Certified Associate in Project Management CAPM®** is a globally recognized certification offered by the Project Management Institute, designed for individuals seeking to build a strong foundation in project management principles and practices.

This program, developed by **Global Horizon Training Center**, prepares participants to successfully pass the CAPM® exam by covering key concepts based on the latest PMI standards. It provides a comprehensive understanding of project management frameworks, processes, and terminology, while enhancing participants' ability to contribute effectively to project teams.

Through a structured and exam-focused approach, participants will gain both theoretical knowledge and practical insights aligned with real-world project environments.

Course Objectives

By the end of this program, participants will be able to:

- Understand the fundamental principles of project management
- Familiarize themselves with PMI frameworks and terminology
- Apply project management processes across the project lifecycle
- Understand key knowledge areas such as scope, schedule, cost, and risk
- Interpret project documentation and artifacts
- Prepare effectively for the CAPM® certification exam
- Enhance their ability to work within project teams
- Apply best practices in project coordination and execution

Target Audience

This program is designed for:

- Entry-level Project Managers and Coordinators
- Project Team Members and Associates
- Recent Graduates seeking a career in project management
- Professionals transitioning into project-based roles
- Individuals preparing for the CAPM® certification exam
