Conference: Financial Analysis, Planning & Controlling Budgets

Conference code: CO8234 From: 6 - 17 July 2026 Venue: Barcelona (Spain) - Conference Fees: 10300 € Euro

Introduction

This seminar focuses on key aspects of financial management, including Financial Analysis, Planning, and Budget Control. It equips professionals with tools to plan effectively, utilize financial techniques, and improve performance through analysis and measurement. Participants will learn to link planning with budgeting and master cost control skills to enhance organizational success.

Objectives

- Which specific variables, relationships, and trends are likely to be helpful in analyzing problems?
- How reliable are available financial data, and how are uncertainty and risk likely to impact on the outcomes of decisions?
- In economic and financial analysis what are the implications and relative importance of cash flow as distinct from accounting profit?
- What limitations are inherent in financial data and the key financial statements, and how will these affect the financial analysis?
- How important are qualitative judgments in the context of decision-making?
- Understand strategic planning and budgeting.
- Link finance and operations for budgeting purposes and strategy execution
- Learn how to build a comprehensive performance measurement system
- Learn costing and budgeting terminology used in business
- Understand the importance of a well-defined costing and budgeting process
- Understand cost behavior more accurately
- Be able to perform and interpret variance analysis
