

*Training Course:
Oracle Learning Cloud*

*26 - 30 July 2026
Amman (Jordan)*

Training Course: Oracle Learning Cloud

Training Course code: MA235037 From: 26 - 30 July 2026 Venue: Amman (Jordan) - Training Course Fees: 4200 € Euro

Introduction:

Oracle Learning Cloud is a cloud-based learning management system designed to help organizations manage their employee training and development programs. It provides a comprehensive set of tools for creating, delivering, and tracking learning content, as well as for analyzing the effectiveness of training programs.

Objectives:

The objectives of the Oracle Learning Cloud training program are to help participants:

- Understand the key features and benefits of Oracle Learning Cloud
- Learn how to create and manage learning content
- Understand how to deliver learning content to employees
- Learn how to track and measure the effectiveness of training programs
- Learn best practices for using Oracle Learning Cloud to support employee development

Target Audience

This program is designed for professionals responsible for **employee training and development**, including:

- HR Managers
- Training Managers
- Learning & Development Professionals

It is also suitable for anyone interested in **leveraging Oracle Learning Cloud** to enhance employee learning and development programs.
