## Training Course: International Contracting

Training Course code: PC4053 From: 30 November - 4 December 2026 Venue: London (UK) - Training Course Fees: 5775 € Euro

### Introduction

International transactions require understanding different values, customs, regulations, and legal systems. Terms and conditions valid locally may not be enforceable internationally. This seminar introduces participants to global sourcing and international contracting, covering tendering, logistics, taxation, currency exchange, technical standards, and supplier management. Participants will gain practical skills to reduce risk, enhance compliance, and improve outcomes in global procurement.

### Objectives

By the end of the program, participants will be able to:

- Understand challenges from foreign currency exchange rates.
- Draft and develop international contracts that protect organizational interests.
- Evaluate international labor rates.
- Apply global sourcing processes and select international suppliers effectively.
- Avoid common pitfalls when changing suppliers.
- Understand the benefits and risks of different global sourcing approaches.
