Training Course: EmpowerED: Mastering Planning and Execution for Capacity Building Success

Training Course code: MM235302 From: 31 August - 4 September 2026 Venue: Kuala Lumpur (Malaysia) - Training Course Fees: 6825 € Euro

Introduction

Welcome to **EmpowerED: Mastering Planning and Execution for Capacity Building Success**. This comprehensive 5-day training program, developed by **Global Horizon Training Center**, is designed to equip participants with the knowledge, skills, and practical tools required to effectively plan and execute capacity building initiatives within organizations and communities.

Capacity building is a critical process for strengthening the capabilities, resources, and long-term sustainability of individuals, institutions, and systems. However, achieving meaningful and lasting impact requires structured planning, strategic alignment, and effective execution.

Through this program, participants will gain a deep understanding of capacity building principles, learn proven planning frameworks, and develop practical strategies for implementation, monitoring, and sustainability. The program combines theory with real-world applications, enabling participants to design and manage impactful capacity building initiatives.

Course Objectives

By the end of this program, participants will be able to:

- Understand the importance and impact of capacity building initiatives
- Apply key concepts and frameworks for effective planning
- Conduct stakeholder analysis and needs assessments
- Develop SMART goals aligned with organizational priorities
- Allocate resources efficiently and prioritize initiatives
- Design actionable implementation and execution plans
- Apply monitoring and evaluation M&E techniques
- Develop sustainability strategies for long-term impact

Target Audience

This program is designed for:

- Nonprofit organization staff and leaders
- Government and public sector professionals
- Community development practitioners
- Organizational development consultants and advisors
- Education administrators and academic leaders
- Healthcare managers and administrators

- Corporate social responsibility CSR professionals
- Anyone involved in or interested in capacity building initiatives
