Training Course: International Safety Management Code and Designated Person Ashore

Training Course code: MM234842 From: 6 - 10 September 2026 Venue: Cairo (Egypt) - Holiday Inn & Suites Cairo Maadi, an IHG Hotel Training Course Fees: 4410 € Euro

Introduction

The [International Safety Management ISM Code](#), developed by the [International Maritime Organization IMO](#), establishes an international standard for the safe management and operation of ships and for pollution prevention. A critical element of the ISM framework is the role of the [Designated Person Ashore DPA](#), who serves as the key link between ship and shore, ensuring effective implementation of the Safety Management System SMS.

This program, developed by [Global Horizon Training Center](#), is designed to provide participants with a comprehensive understanding of the ISM Code and the strategic and operational responsibilities of the DPA. It focuses on safety management systems, risk control, compliance, auditing, and continuous improvement.

Participants will gain practical knowledge and tools to effectively fulfill the DPA role, enhance safety performance, and ensure compliance with international maritime regulations.

Course Objectives

By the end of this program, participants will be able to:

- Understand the structure and requirements of the ISM Code
