Training Course: Logistics Management Certificate (CLTD)

Training Course code: PU235008 From: 15 - 19 November 2026 Venue: Amman (Jordan) - Training Course Fees: 4200 € Euro

Introduction

Logistics management is a vital component of the supply chain, encompassing the planning, execution, and control of goods and services from the point of origin to the point of consumption. The Certified in Logistics, Transportation and Distribution CLTD certification is a globally recognized credential for logistics professionals. This 5-day training program is designed to help participants prepare for the CLTD certification exam, providing them with the essential knowledge, skills, and practical tools necessary for effective logistics management.

Objectives

By the end of this program, participants will be able to:

- Understand the logistics management field, including transportation, warehousing, inventory management, and supply chain processes.
- Identify and implement best practices for transportation operations, logistics network design, inventory management, and demand planning.
- Develop effective strategies for managing risks and improving customer service in logistics operations.
- Prepare for the CLTD certification exam, including test-taking strategies and practice exams.

Target Audience

This program is designed for:

- Logistics Managers
- Transportation Managers
- Warehouse Managers
- Inventory Managers
