Training Course: Office 365 SharePoint

Training Course code: IT235654 From: 27 September - 1 October 2026 Venue: Manama (Bahrain) - Training Course Fees: 5150 € Euro

Introduction

This training program, developed by Global Horizon Training Center, is meticulously designed to equip participants with the knowledge and skills required to effectively utilize Office 365 SharePoint for collaboration, document management, and business process optimization. The course focuses on the fundamentals and advanced features of SharePoint, empowering participants to harness its full potential in a professional environment. Whether for team collaboration or data sharing, this program ensures participants are adept at leveraging SharePoint's tools to enhance organizational productivity.

Objectives

By the end of this training program, participants will:

- Understand the fundamental architecture and components of Office 365 SharePoint.
- Learn to create, manage, and customize SharePoint sites and document libraries.
- Explore workflows, automation, and integration capabilities in SharePoint.
- Enhance collaboration through SharePoint communication sites and team sites.
- Implement advanced features such as permissions, versioning, and content management.
- Develop best practices for using SharePoint to meet organizational goals.

Target Audience

- IT professionals and system administrators.
- Team leaders and project managers.
- Business analysts and operations staff.
- Employees responsible for document and data management.
- Anyone involved in digital collaboration within an organization.
