Training Course: Sales and Operations Planning & Integrating the Business

Training Course code: SM1035 From: 1 - 5 November 2026 Venue: Doha (Qatar) - Training Course Fees: 4725 € Euro

Introduction

This training program is designed by [Global Horizon Training Center](#) to equip senior professionals with the knowledge and practical tools required to successfully implement and manage an effective [Sales & Operations Planning S&OP](#) process.

S&OP (also referred to as Integrated Business Management IBM or Sales, Operations & Financial Planning SOFP) is a cross-functional process that aligns all major business functions including sales, marketing, operations, finance, HR, and supply chain. The objective is to ensure that all plans are synchronized and balanced to achieve the organization's medium- to long-term strategic goals.

The program focuses on enabling organizations to become ["one-number companies"](#), where all departments operate based on a unified and consistent plan, leading to improved coordination, decision-making, and business performance.

Course Objectives

By the end of this program, participants will be able to:

- Understand the concept and importance of S&OP
- Identify the objectives and benefits of the S&OP process
- Describe the five phases of the S&OP cycle
- Recognize roles and responsibilities across different functions
- Align demand, supply, and financial plans effectively
- Prepare for successful implementation of S&OP within their organizations
- Contribute to improved planning accuracy and business performance

Target Audience

- Senior Management and Business Unit Leaders
- Department Heads Sales, Marketing, Operations, Finance, HR, IT
- Supply Chain and Planning Professionals
- Anyone involved in forecasting, planning, and resource allocation
