Training Course: The Essentials of IT Management Excellence

Training Course code: IT234611 From: 27 - 31 December 2026 Venue: Sharm El-Sheikh (Egypt) - Sheraton Sharm Hotel
Training Course Fees: 4775 € Euro

Introduction

Managing an IT function is very different from developing or supporting technical IT solutions. General management skills are helpful to the IT manager, but results from this course demonstrate that a management course designed specifically for the IT professional is invaluable.

There are five key modules covering IT strategy, project excellence, communicating technology, operational and crisis management, and commercial acumen. These are the 5 management skills that have been identified as consistently enabling business results and career success for all IT managers.

Course Objectives

- Develop an effective IT strategy
- Increase project delivery rates and manage a portfolio of projects
- Lead effectively in a technical crisis
- Set clear IT contract objectives
- Effectively negotiate technical agreements

Target Audience

- IT Managers responsible for leading IT teams and functions
- Technical professionals transitioning into IT management roles
- IT Project Managers and Program Managers
- IT Directors and senior IT leaders
- Infrastructure, operations, and service delivery managers
- Enterprise architects and technical team leads
- Business relationship managers working between IT and business units
- Professionals involved in IT strategy, governance, and planning
- Vendor, contract, and procurement managers dealing with IT services
- Anyone aiming to develop leadership, communication, and strategic IT management skills
