

*Training Course:
Facility Management*

*4 - 15 October 2026
Sharm El-Sheikh (Egypt)
Sheraton Sharm Hotel*

Training Course: Facility Management

Training Course code: MA234674 From: 4 - 15 October 2026 Venue: Sharm El-Sheikh (Egypt) - Sheraton Sharm Hotel
Training Course Fees: 4350 € Euro

Introduction

This program, developed by [Global Horizon Training Center](#), provides participants with the essential knowledge, skills, and techniques required to effectively manage facilities. It covers key areas such as strategic and financial planning, engineering design, maintenance, and operations.

Participants will gain a practical understanding of how to manage facilities from operational, environmental, contractual, and technical perspectives, enabling them to make informed decisions and optimize overall facility performance.

Course Objectives

By the end of this program, participants will be able to:

- Explain the foundations and core principles of Facility Management
- Analyze strategic options and make effective decisions in managing facilities
- Evaluate environmental and contractual factors in facility site selection
- Apply engineering planning tools for efficient facility layout and design
- Understand automation and disaster recovery considerations in facility management
- Implement effective maintenance management strategies
- Apply project management techniques to manage large-scale facility operations
- Utilize financial analysis and capital budgeting tools for facility decision-making
- Enhance operational efficiency and long-term facility performance

Target Audience

This program is designed for:

- Facility Managers and Supervisors
- Operations and Maintenance Managers
- Engineers and Technical Professionals
- Project Managers involved in facility and infrastructure projects
