## Training Course: Finance, Risk Management & Corporate Governance

Training Course code: FI2029 From: 9 - 13 November 2026 Venue: Cape Town (South Africa) - DoubleTree by Hilton Cape Town - Upper Eastside Training Course Fees: 6350 € Euro

### Introduction

This course provides a practical overview of corporate finance, risk management, and corporate governance within today's global business environment. It explores the relationship between management and stakeholders, financial decision-making, resource allocation, and the role of capital markets in organizational success. Through real case studies and practical examples, participants will gain essential financial knowledge, understand financial statements and analysis techniques, and develop skills in planning, control, and strategic financial management. The course is designed to deliver an MBA-level understanding of finance, risk, and governance concepts for high-potential professionals seeking advanced business and financial expertise.

### Objectives

This course will help you learn how to:

- Specify the exact nature and scope of corporate financial reporting
- Identify and criticize specific concepts, rules, and procedures are in place for corporate financial reporting
- How & why Working Capital is critical in today's world
- What Working Capital options must be managed & how to do so
- How & why Capital Structure can make or break a firm
- What decisions must be made to properly decide on optimal Capital Structure
- How & why Capital Budgeting can go so wrong if not performed properly
- Capital Budgeting should usually add value to the firm
- Identify and overcome limitations that are inherent in corporate financial reporting and/or corporate governance
- Risk as a positive in analysis & decision making
