Training Course: Social Customer Care

Training Course code: RR234899 From: 4 - 8 October 2026 Venue: Sharm El-Sheikh (Egypt) - Sheraton Sharm Hotel
Training Course Fees: 4350 € Euro

Introduction

The Social Customer Care training program: The Corporate Strategies for Operational Readiness guide is designed to examine social media customer care through a functional and operational lens, providing key data sets that showcase the impact and opportunity of providing customer care in social media. There is significant variance in approaches and management of social customer care. Consumers continue to expect more from their social servicing experience, while companies struggle to maintain pace in developing programs that meet customer expectations.

The Social Customer Care training program provides insights into best practices for social customer care and the evolution of program management. While many brands confess to not meeting customer expectations, our goal is to raise situational awareness so that we can begin to better align with customer wants and needs.

Course Methodology

This course is built on four pedagogical pillars: concept learning presentations by the consultant, experience sharing roundtable discussions, playback of videotaped performances where permissible, and individual and group feedback as well as exposure to case studies and scenarios and examples.
