Training Course: The Oxford Financial Excellence Programme

Training Course code: FI2017 From: 24 August - 4 September 2026 Venue: London (UK) - Training Course Fees: 9450 € Euro

Introduction

This seminar provides business professionals with a deeper understanding of financial management as practiced by today's most powerful companies by demystifying the complex world of finance and providing the tools and insights that you will need to meet your own professional goals and the greater goals of the organizations you serve.

Objectives

By the end of this seminar delegates will be able to:

- Acquire an understanding of the fundamentals of the successful management of corporate financial performance, from the development of strategy through planning and budgeting to performance monitoring and control
- Develop practical experience of the workings of a best practice financial performance management model, and of how to improve corporate financial performance in real-life
- Gain the insights required to win in the global marketplace, for example relating to:
 - interpreting financial statements
 - evaluating financial performance
 - financial forecasting
 - the financing decision
 - determining the cost of capital
 - evaluating investment opportunities
 - managing risk
- Raise financial skills

Target Audience
