Training Course: Leadership Excellence in Handling Pressure & Stress

Training Course code: LS7005 From: 25 - 29 October 2026 Venue: Doha (Qatar) - Training Course Fees: 4725 € Euro

Introduction

In today's fast-paced and demanding work environment, leaders are expected to perform effectively under pressure, manage stress professionally, and guide their teams confidently through uncertainty and crisis situations. The ability to remain calm, resilient, and focused during challenging times is a critical leadership competency that directly impacts organizational performance, employee morale, and operational stability.

The Leadership Excellence in Handling Pressure & Stress program is designed to help participants strengthen their leadership capabilities, improve emotional resilience, and develop practical strategies for managing stress, pressure, and crisis situations effectively. The program focuses on stress management, leadership communication, conflict resolution, emotional intelligence, crisis leadership, and team development.

Participants will gain practical tools and techniques to manage themselves and others during difficult situations, improve workplace relationships, strengthen confidence, and create supportive and resilient teams capable of performing effectively under pressure.

Course Objectives

By the end of this training program, participants will be able to:

- Develop leadership skills for handling pressure and stressful situations.
- Improve emotional resilience and self-confidence during challenging times.
- Understand different personality responses to stress and pressure.
- Apply effective communication and conflict management techniques under stress.
- Lead teams confidently during periods of crisis and change.
- Utilize stress management and coping techniques effectively.
- Encourage creative thinking and problem-solving during crises.
- Support employees and teams in managing workplace stress.
- Build positive and resilient work environments.
- Develop practical action plans for managing pressure and crisis situations.
